- 6) Ikha Magdalena, (Treasurer of Indonesian Mathematical Society, Indonesia)

- 7) Wacław Marzantowicz, (President of Polish Mathematical Society, Polish)
- 8) Yuri Movsisyan, (President of Armenian Mathematical Union, Armenia)
- 9) Yang Tong, (President of Hong Kong Mathematical Society, Hong Kong, China)
- 10) Yaxiang Yuan, (President of Chinese Mathematical Society, China)
- 11) Jinyun Yuan, (Brazilian Mathematics Society, Brazil)
- 12) Dmitry Zaporozhets, (Representative of St. Petersburg Mathematical Society, Russia)

Moderator:

Dayue Chen, (Secretary General of CMS)

Yifei Chen, (Deputy Secretary General of CMS)

At 15:30, Xiaoshan Gao called for the meeting.

First of all, Yaxiang Yuan on behalf of the Chinese Mathematical Society and the Silkroad Mathematics Center, expressed warm welcome and gratitude to the representatives of the member societies. The delegates then made a simple self-introduction. Next, Professor Jinyun Yuan introduced the Brazilian Mathematical Society from the aspects of organizational structure, publications, events and international cooperation. Professor Wacław Marzantowicz introduced the activities of the Polish Mathematical Society this year.

Xiao-shan Gao introduced the Silkroad Mathematics Center focusing on 6 items:

- 1) Brief introduction to SMC (main task, current member societies, organization, current steering committee)
- 2) Unveiling Ceremony
- 3) Previous Steering Committee Meetings
- 4) Previous Academic Programs
- 5) Promotion of the SMC
- 6) Plan for future

In addition, the members discussed the theme and time of the 2020 conference.

Time: April, 2020

Theme: number theory and related fields.

In the free discussion session, Yaxiang Yuan and Xiaoshan Gao introduced the international talent plan of the International Cooperation Bureau of the Chinese Academy of Sciences and the postdoctoral position of the Hualuogeng Mathematics Center in 2019, hoping to provide

a platform for cooperation and exchanges among young mathematicians from the Silkroad countries.

The high hill researcher also introduced a special issue for the first academic event of the Silk Road Center in "China Science. Mathematics". In addition, the participants discussed how to better unite and help each other and jointly promote the mathematical exchanges among the members of the Silkroad Mathematics Center.
